

## **QUALITY, ENVIRONMENT AND PREVENTION POLICY**

### **MOLECOR**

**MOLECOR** is a company specialised in “infrastructure, sanitation and building solutions”. It is a large industrial product with a strong focus on technological innovation, efficient water use and internationalisation.

**MOLECOR's** mission is to improve people's quality of life, wherever they are in the world, by providing them with water using innovative, efficient, sustainable solutions.

The Integrated Quality, Environment and Prevention Management System sets out the following **PRINCIPLES**:

- Understand **OUR CUSTOMERS' NEEDS, REQUIREMENTS AND EXPECTATIONS** to ensure their full satisfaction.
- Guarantee compliance with the **LEGAL REQUIREMENTS, STANDARDS** and any other voluntary requirement that **MOLECOR** identifies with customers and end users of products.
- Drive continuous improvement, ensuring the company's future and development by strengthening the processes identified and managing risk.
- Actively commit to protecting the environment and preventing pollution through sustainable production and use of resources.
- Achieve the highest level of personal integrity by identifying and minimising risks in all of its activities and preventing occupational accidents and diseases in the work environment.
- Work to ensure sustainable development, creating value for all stakeholders, aligning our management strategies with the United Nations' Sustainable Development Goals (SDGs).

Management is committed to promoting awareness and responsibility regarding quality, environmental protection and health and safety, involving all company employees in this area.

All **MOLECOR** staff must be committed to following these Principles with a view to achieving the company's strategic goals, in accordance with its set mission and values.

Ignacio Muñoz de Juan  
CEO of Molecor Tecnología
